ANTHEMS

National Anthem

O God of all creation
Bless this our land and nation
Justice be our shield and defender.

May we dwell in unity
Peace and liberty
Plenty be found within our borders.

Let one and all arise
With hearts both strong and true
Service be our earnest endeavour
And our homeland of Kenya
Heritage of splendour
Firm may we stand to defend.

Let all with one accord
In common bond united
Build this our nation together.

And the glory of Kenya
The fruit of our labour
Fill every heart with thanksgiving.

East African Anthem

Verse 1

Verse 2

I am pleased to report that the construction of the new University Library is on track to be completed in March 2021. The completion of the Library will mark an important milestone in the history of this institution. The Library is named after our late Founder Chairman. A man who truly believed in the empowering capability of education, though himself was a trained lawyer after quitting medical school in the DRC to escape from the political crisis of that country in the early 1960s. As a politician in the early years and a judge in the later years of his life he remained erstwhile in his belief of education as a social equalizer. He bequeathed to all of us who knew him the gift of love for education. And on this note and in conclusion may we bequeath all of you the love of study. The thirst for knowledge and the hunger for solutions. The determination of innovators and the persistence that goes with it.

Separately but related, I am also pleased to report that the construction of the new tertiary college campus in Emali Town is underway and we hope to relocate from the rented premises by 5th January 2021. The college will have specialist workshops and teaching rooms for an increased range of technical training areas for Artisan, Certificate and Diploma Courses and teacher training facilities.

Congratulations and May the Almighty God Bless you all!

Mrs Martha K. Mulwa

MESSAGE FROM THE BOARD OF TRUSTEES

On behalf of the Board of Trustees, I take this opportunity to congratulate our dear graduands class of 2020. You have indeed demonstrated to the rest of the country that it is possible to overcome complex challenges and achieve one's dreams. Indeed, this year the very core of human existence globally has been tested.

I urge you to embrace the traits of resilience and perseverance as you go out into the world. Today, we are releasing you to a very tough world that will require you to continually re-engineer yourself in order to survive. As you are aware the COVID -19 pandemic has devoured many sectors of our economy making it even harder to get by. Be courageous. In the words of famous American female black writer

and civil rights activist, Maya Angelou, "You may encounter many defeats, but you must not be defeated. In fact, it may be necessary to encounter the defeats, so you can know who you are, what you can rise from, how you can still come out of it."

Many things cannot be realized without regard to character. Remember to be upright citizens, as is demanded of you by our Nation's constitution and the morals and values that been emphasized here. The Board of Trustees has ensured that Lukenya University maintains programs that place a strong emphasis on moral and ethical behavior as well as mental health of our youth. These programs aim to transform our society which has become afflicted over the years due to greed, corruption and lack of empathy towards our fellow Kenyans. Graduands class of 2020 you are part of an alumni of Lukenya University that is has a duty to continuously transform our beloved country Kenya for the better. We are looking to you to serve as examples of what our leaders and citizens should be. Be our ambassadors. May you all be beacons of hope, fountains of inspiration and champions of merit. In the words of Winston Churchill, "All the great things are simple, and many can be expressed in a single word: freedom, justice, honor, duty, mercy, hope."

We invite you back for further learning in our institution and encourage you to join Lukenya University alumni and participate in encouraging the younger fraternity to nurture traits of resilience, hard work and upright citizenry.

God Bless you abundantly.

MESSAGE FROM THE CHANCELLOR

To our Lukenya University graduates. Congratulations. We are proud of you. You have against great odds and despite the challenge of COVID – 19, completed your studies on time. You have demonstrated your resilience and academic prowess, and this gives you a head start in your future endeavours. I urge you to keep up the spirit.

But education is not just attainment of a certificate, diploma or degree. It is the acquisition of knowledge, and more importantly curiosity and capacity to learn throughout your lifetime for your benefit and that of your family and society at large. In this way you will live a life of fulfillment.

Harris Mule - Chancellor

Research has shown that self-actualised persons are higher achievers despite the challenges posed by the environment they find themselves in. At Lukenya University you have been helped to discover your talent and potential. Put this potential to the maximum use.

The University would have wished to hold a physical graduation. However; due to the dangers posed by the COVID – 19 pandemic we have had to hold this graduation virtually. That notwithstanding the University management has worked hard to ensure that you have a memorable ceremony.

God will bless you.

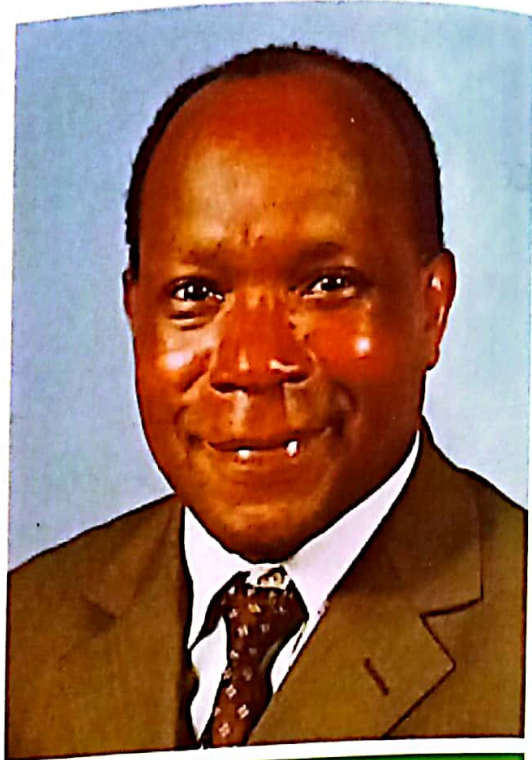

I wish you well in all your future endeavours.

Harry Mule
Chancellor

MESSAGE FROM THE UNIVERSITY GOVERNING COUNCIL CHAIRPERSON

Greetings to all our esteemed year 2020 graduands.

Congratulations for the achievements made in your academic endeavours which have led to this graduation ceremony. I know it has not been easy, especially in your last year at the University, which was temporarily disrupted by the Corona virus disease (COVID-19). However; great efforts by the Governing Council; the University Senate and Management Board; and in particular yourselves- the graduands; have enabled you to complete your studies on time. This is sufficient evidence that you are quite resilient and are adequately prepared for the labour market.

Daniel M. Ndonye
Council Chairman

Dear graduands; the world awaits you. The world is looking for innovators and solution providers. There is an appropriate place for you in the society. Suitably package and present yourselves and you will be accommodated in the labour and business environment not only in Kenya but the world-over.

During your studies at Lukenya University; you were equipped with academic, career and life skills knowledge ideal to earn you an honest and decent livelihood. Utilise this knowledge and skills appropriately for yourselves, your families and the society. Remember to give back to the society. The greatest world's personalities are those that have had positive contributions in the communities they live in. Examples of such personalities include, Nelson Mandela of South Africa; Mother Teresa of India; Wagari Mathai of Kenya; Kivoi wa Mwendwa (who died on the way after taking Dr. Kraft to climb Mt. Kenya); Kenya's freedom fighters among many more. You can stand to be counted and add your name to this never-ending list by being of much help to the society.

However, these great leaders did not start big; they started from humble beginnings but with a vision and lots of resilience they soldiered on never giving up they moved step by step until they attained great goals. You too can achieve enormous success in all that you plan to do.

The Council wishes you well in all that you plan to do. God be with you.

MESSAGE FROM VICE CHANCELLOR

On behalf of the Lukenya University Senate, Management, Staff and Students, I take this opportunity to congratulate you, the 2020 graduands. You have worked hard to earn the certificates, diplomas and degrees being awarded and conferred to you today. Once again congratulations.

At Lukenya University we embrace quality management system, this has enabled us to equip you with requisite knowledge, skills, attitude and technical competencies that will make you sell highly in today's competitive job markets. Again, we implore you to be job creators. Be entrepreneurs of repute and create business empires.

You are graduating in the era of Covid-19 pandemic, which has presented mixed fortunes. Due to the challenges posed by the pandemic, the University was compelled to be innovative to ensure that teaching and learning took place effectively. We had to embrace virtual learning to make this graduation happen. I thank all of you for cooperating with the University during the entire teaching, learning and assessment process. This proves your resilience and ability to adapt to change.

Furthermore, the Lukenya University teaching staff has offered to you seamless knowledge that make you holistic persons. Be good ambassadors of Lukenya University wherever you are. This can only be realized when you excel in the job markets.

Remember to **"build a culture of resilience in our community"** by observing the strict moral values that govern your professions. Be men and women of integrity and maintain the spirit of hard work and emotional resilience. More importantly I encourage you to enroll for your Masters programmes in that spirit of continual learning.

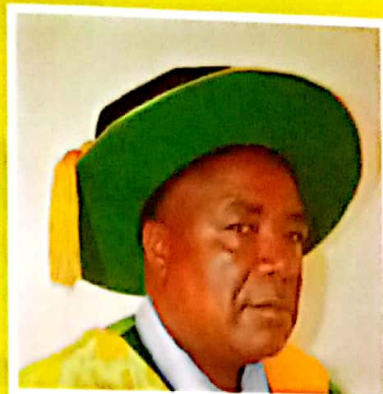

Congratulations my students for a job well done. God bless you in your future endeavours.
